score	**description**
0	The expression contains a lot of grammatical mistakes.
1	The expression contains quite some grammatical mistakes.
2	The expression contains hardly any or no grammatical mistakes.

Fluency	
score	**description**
0	The expression is totally not fluent and has a lot of long pauses and reformulations.
1	The expression is reasonably fluent and has pauses and reformulations.
2	The expression is fluent, pauses and reformulations occur in longer expressions.

Clearness / understandability	
score	**description**
0	The expression does not show any structure.

---

[1] In case execution of the exercise is graded with score 0, the other aspects are automatically graded with score 0.

1	The expression shows some structure, whether or not achieved by the use of simple conjunctions (such as *en*, *maar, want* and *omdat*) and/or reference words (such as *hij, zij, die* or *dat*).

Pronunciation	
score	**description**
0	The expression is only understandable with effort by an experienced listener.
1	The expression is reasonably understandable to an experienced listener without effort.
2	The expression is understandable, also to an inexerienced listener, despite an accent or an occasionally wrongly pronounced word.
